

NIMS, LIFT and Ivy Tech Release New Skills Credentials to Close High-Tech Industrial Technology Maintenance Skills Gap

On Wednesday, **February 15, 2017** - The National Institute for Metalworking Skills (NIMS), Lightweight Innovations for Tomorrow (LIFT) - one of the Manufacturing USA institutes - and Ivy Tech Community College (Ivy Tech) announced the release of nine new NIMS credentials that validate key skills and competencies needed for industrial maintenance jobs. These jobs represent a critical and growing function in high-tech manufacturing focused on new technologies and innovation.

Credentials available include:

- Maintenance Operations
- Basic Mechanical Systems
- Basic Hydraulic Systems
- Basic Pneumatic Systems
- Electrical Systems
- Electronic Control Systems
- Process Control Systems
- Maintenance Welding
- Maintenance Piping

A series of webinars have been scheduled to support organizations interested in offering these credentials to students or employees. These sessions will be held [Wednesday, February 22](#) at 4 pm EST and [Tuesday, February 28](#) at 11 am EST.
